On The Road Together Resource Guide

Thanks for purchasing our Youth Group subscription, On The Road Together. Here's everything you need to know to access the resources that come with your subscription. So glad to have you in our circle of partnership and support!

- The Soul Matters Team

Accessing Your Packets

Where Do I Find My Packets?

We set up a personalized online archive for each of our subscribers. Whether you purchase one or a bunch of our products, you will find all of them there. You can download your On The Road Together packets from this online archive anytime you want. If you lose what you've downloaded, no worries. They will always be waiting for you in your archive.

How Do We Set Up Our Archive?

If this is your first subscription with Soul Matters, you will soon receive an email from our Membership Director, Susan Arnold, giving you a link to create your password to your archive and inviting you to name which of your church leaders you want to have access to your online archive.

If you already have an archive set up, Susan will confirm when she has added your new purchase to your archive list.

Once you and your leaders have your unique passwords set up, you can access your archive anytime by going to our website and clicking on the "Log-in/My Account" selection on the top menu bar of every page of our website. Once you've logged in you will see a list of all of your subscriptions. Click on the subscription name to access it.

When Are the Packets Ready?

The monthly *On The Road Together* packets are published 4 weeks in advance of the month in which they are scheduled for use. For instance, the packets for September are loaded into your archive by August 1st.

Are There Rules for How I Share the Packets with My Congregation?

Yes. To distribute packets to your leaders, we ask that you use email or a *password protected* page on your website. Please do not post the On The Road Together packets on a public page on your website. We're trying to avoid packets circulating publicly on the internet.

Add-On Resources to Check Out

We are constantly developing new resources to support and expand your theme-based ministry. You can learn about these add-on resources on our store page.

We are particularly excited about our specialized religious education offerings such as

- Soulful Home (an at-home, family faith engagement program),
- Crossing Paths (a Soul Matters version of Neighboring Faiths),
- In The Middle, our middle school curriculum, and
- Becoming, our coming of age curriculum.

We're Here to Help

Please let us know if you have questions or need help navigating your resources. Susan Arnold, our Membership Director, is available to help with logistical questions, such as how to access your packets. April Rosario, our Director of Religious Education Resources, is best to reach out to with content and implementation questions.

And please share your feedback. We want to be sure we're partnering with you in the best possible way.

Thanks and Welcome!

Finally, thanks for letting us partner with you. The work of supporting our youth is so important. It's a privilege to support you as you offer youth this vital ministry!
